# ABOUT US

---

*If you want to make sure you have a wonderful holiday, and value excellent on-board service, then this is the catamaran you've been looking for.*

Experience the pleasure of sailing in the majestic Lagoon 52 Grand Luxe. Its space, habitability, comfort, stability, elegance, and safety, and the finishing of the facilities, mean an **unforgettable experience**. All of this along with our unbeatable crew, exclusively dedicated to the Flow catamaran, and our desire to do things well, are what make us stand out from the rest.

Even on the first day, you'll realise that it was worth choosing the Flow catamaran for your holiday with family or friends in Ibiza, Formentera, or the other Balearic islands; and on the last day, all you'll want to do is repeat the experience as soon as possible with us.

Its 16 m length and 9 m beam make the catamaran a comfortable 200 square metre floating villa, divided into three sections that make sailing and being on-board a gift for the five senses.

New and **fully equipped**, the catamaran has four luxurious suites (one of which, that of the owner, is a **premium suite that is more spacious and comfortable**); all have large beds, 160 cm wide, full bathrooms and **independent air-conditioning**, and the catamaran comes with all the extras that Lagoon provides its boats of this category with, to make the journey even more comfortable and safer. The bathroom, terrace and fly floors are finished in teak, the boat has Bose Bluetooth hi-fi, televisions fitted with Chromecast in the living-room and stern suites, an ice-maker, water purification system, generator, solar panels, washing machine/tumble drier, a large 4 m auxiliary vessel that means getting onto dry land is simple, satellite telephone, and all the safety equipment needed to go round the world.

You can forget about the shopping and organisation, we'll take care of absolutely everything so that you can enjoy your Mediterranean holiday from start to finish on board this new, wonderful catamaran with a charming crew, and excellent, top quality service.

**Thank you!**

## INFORMATION

- **Payment method:** 50% at the time of booking by bank transfer. The remaining 50%, one month before boarding. All extras are also paid in the same way. Half board or full board along with the fuel are paid with the second payment one month before boarding, so there is more time to choose the preferred option.
- **Boarding and disembarking** take place at our mooring in the port of San Antonio.

# MENU AND DRINKS

---

***All dishes and drinks on this menu are included in half- and full-board.***

In fact, it's not a closed menu, but rather acts to give you an idea of what can be cooked on board. Our chef will surprise you every day with his suggestions, and you can decide what you fancy eating before he starts cooking. He is also good at adapting to your needs, so if you have any other ideas, he'll gladly cook them.

We can also adapt our menus for vegetarian, vegan, children, celiac or diabetic diners.

The prices are an actual average of the cost price of the purchase of food, wine, and other drinks. We guarantee the best service with high quality products; as far as possible, these are organic and locally-produced.

Other food and drink will be taken on board on request. If the costs are higher than those of the menu we offer, the purchase price only will be charged.

Thank you!

ECO-FRIENDLY

An aerial photograph of a tropical coastline. The water is a vibrant turquoise, transitioning to a deep blue further out. A sandy beach curves along the shore, with a small island or peninsula in the foreground. Several sailboats are visible in the water. In the background, there are mountains and a town. A large, semi-transparent circular graphic with a white border is centered over the image, containing the text 'AN AMAZING EXPERIENCE in Balearics'.
